

Dovetail Drawer Boxes

STANDARD WOOD SPECIES

Our standard wood species are:

- Maple
- Baltic Birch
- Sap/Btr Birch
- Natural Birch

Other wood species are available upon request.

BASES

Our bases can come in three different thicknesses:

- 1/4" Baltic Birch – standard (this will be used unless otherwise specified on the order form)
- 3/8" Baltic Birch
- 1/2" Baltic Birch

Bases can be manufactured with the same wood species as the drawer box sides. This may affect the lead time as 3/8" and 1/2" are not commonly stocked in other wood species.

NOTCHING

We can notch for blum tandem and blum movento slides. Our standard notch width is 2 1/4" or 57mm. We can create a wider notch; however, the exact dimensions need to be specified on the order form.

ORDERING

When ordering drawer boxes, the order form following this page can be used. If you wish to have this available in excel format, please reach out to the Cutting Edge team and we will be happy to send you the order form.

Things to remember when ordering:

- Sizes need to be the finish drawer box size
- Base thickness and material need to be specified
- Notching details need to be specified, do you want the front and back notched or just the back?
- Do you want the boxes assembled?
